telegraphic press report
and does not use "boiler
plate."

THERE is a little piece of inside history about Wolfley's appointment not generally known, which came to the knowledge of the DAILY EPITAPH yesterday, and which is vouched for as the truth by our informant. When Wolfley was first confirmed and the matter was reconsidered by the Senate, he met some gentlemen from Arizona in one of the corridors of the building just after leaving Secretary Noble's office. Among the gentlemen were Mr. Christ, of Nogales, Mr. Thomas F. Wilson, of Tucson, and Clark Churchill. Mr. Wolfley asked these gentlemen not to oppose him any further, promising them that if they would let him alone they could have the naming of any officers they wished in Arizona. After a conference at Wolfley's hotel it was agreed on the opposition was withdrawn and he received his appointment as Governor. With the exception, perhaps, of Churchill, Wolfley has not kept his promise to any of these gentlemen, but has done, and is doing, all in his power, against them, when it was only by their forbearance he succeeded. Having commenced his maladministration of the affairs of the Territory with falsehood, he has kept it up ever since.

THE defense of himself that the Governor has caused to be published in the Phoenix Herald, and which is reproduced in another column of this issue, is a very lame affair. It consists principally of "I am a good man" and abuse of the editor of the Phoenix Gazette. In his "defense" (?) he does not deny a single charge brought against him by the DAILY EPITAPH and Phoenix Gazette of withholding public papers and causing a lying extract to be published. He makes a great virtue of having acquainted Judge Kibbey with all the opinions, but it was evidently after the DAILY EPITAPH had begun to dig up his record, as was known to the people of the Territory when we published those telegrams from Washington about three weeks ago. Governor, you had better quit talking and rushing into print to say that you are a truly good man, as every move you make increases the embarrassment of the very few friends you have left in the Republican party. You do protest too much.

FROM our dispatches from Washington it will be seen that "things" are beginning to sizzle in Washington, and the possibilities are that somebody in the neighborhood of the Governor's office may hear something drop with a dull, sickening thud. We hope he won't be removed!

CORPORAL TANNER REMOVED.

Particulars of the Great Storm on the
Atlantic Coast—The Wyoming
Convention.

SPECIAL TO THE DAILY EPITAPH.

No One.

LONDON, Sept. 11.—The police have not discovered any clue to the murderer of the woman whose body was found in Whitechapel yesterday morning. The body has not been identified.

In Consultation With the President.

WASHINGTON, Sept. 11.—Secretary Noble, Commissioner and Marshal Ransdell are in consultation with the President to-day, presumably in relation to the case of Tanner.

Reported Removal.

WASHINGTON, Sept. 11.—It is reported here this morning that Corporal Tanner has been removed, and that after to-day he will cease to be Commissioner of Pensions. The report is generally believed, but is not yet officially confirmed.

The Wyoming Convention.

CHEYENNE, Sept. 11.—Frank, of Crook county, in the constitutional convention to-day presented a resolution that women only be permitted to vote at school elections, and be eligible to hold school offices. Grant, of Albany, introduced a resolution that the State debt be limited to one per cent of the property valuation and the county debt to two per cent.

The Storm Subsiding.

NEW YORK, Sept. 11.—The wind has subsided somewhat, but the sky is still black and a light rain is falling. The only transatlantic steamer which arrived this morning was the California. Both the City of New York and the Teutonic were due yesterday, but have not been sighted. Three other steamers are due today. The passengers will no doubt have interesting tales to tell, as they must have encountered the fiercest part of the gale.

Arizona Affairs to be Investigated.

WASHINGTON, Sept. 11.—Col. John Weir, a mining operator of Arizona, is in the city, and yesterday, in company with Secretary Noble and J. F. Plumber, of New York, called upon President Harrison and consulted with him in reference to Governor Wolfley's Territorial appointments. He represented that owing to the fact that the legislature was not in session to confirm his appointments the Governor is compelled to allow the present Democratic incumbents to retain the offices. The President promised to give the matter consideration at an early day.

Commissioner Tanner.

WASHINGTON, Sept. 11.—The Commissioner is absent from his post of duty this morning. Deputy Commissioner Smith is acting. Commissioner Tanner was expected at his office it was said at noon, but at 1 o'clock he had not returned. It is believed by some that he will be removed. By others that he will be temporarily suspended until the result of the investigations of the Commission looking into the affairs of the pension office. It is impossible to find out exactly the state of affairs. But that his resignation was asked for or tendered, Secretary Noble declined to say anything on the subject.

Further Details of the Great Storm.

NEW YORK, Sept. 11.—Vessels at anchor along the South street pier have the appearance of having passed through a cyclone. The rigging of many are torn into shreds and spars and masts dismantled, while the waves beat with great fury against their sides. The telegraph wires between here and Sandy Hook are still down, consequently the greatest uneasiness is felt at the Maritime Exchange for the safety of vessels at sea. Private advices from the quarters of the health officers down the bay show that the storm at the quarantine station is continuing with great fury, the wind blowing a heavy gale and the seas washing over the surrounding walls. Along the Battery wall the waves dashed far into the park. The iron railing surrounding the wall alongside of the Dock Commissioners' building was carried away, while the dock at Castle Garden is being washed.

LEWIS BEAL, Sept. 11.—Seventeen vessels are ashore here with a score more fast drawing upon the breakers. The crews of sixteen wrecked vessels are being cared for. A three-masted schooner is ashore just outside the Inner Bay and going to pieces, with the crew of ten men clinging to the rigging. The line which the life-saving crew shot over her got dangled in such a manner as to make it impossible to send out a raft. No human power can save the sailors.

ATLANTIC CITY, Sept. 11.—Additional intelligence is to the effect that one of the largest hotels on the island was this morning destroyed by the waves, together with several cottages. At last reports the water at Atlantic City is as high as at any time during the storm. A number of horses are reported washed away at Holly Beach. The Continental hotel at Sea Isle City has been undermined by the waves and entirely destroyed. Reports are to the effect that Sea Isle City has been wiped out.

NEW YORK, Sept. 11.—The steamship California from Hamburg, which arrived yesterday, encountered the hurricane off George banks. Off the bar she had the greatest difficulty in getting a pilot on board. The boat upset and the pilot and crew were thrown into the sea. They were rescued when almost exhausted.

Bids Them Good-bye.

NEW YORK, Sept. 11.—A Washington special says Tanner bid goodbye to all men in his office last night, and was not at his office this morning.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds and cannot be sold in competition with the multitude of low test, short weight alums or phosphate powders. Sold only in cans. ROYAL BAKING POWDER CO., 106 Wall St., N. Y.

ADVICE TO MOTHERS.

Mrs. Winslow's Soothing Syrup, for children teething, is the prescription of one of the best female nurses and physicians in the United States and has been used for over forty years with ever failing success by millions of mothers for their children. During the process of teething its value is incalculable. It relieves the child of pain, cures dysentery and diarrhoea, griping in the bowels, and wind colic. By giving health to the child it gives rest to the mother. Price 25 cents a bottle. (Jan 26-17)

There was a terrible epidemic of dysentery and bloody flux in Pope County, Illinois, last summer. As many as five deaths occurred in one day. Messrs. Walter Brothers, of Walteburg, sold over 380 bottles of Chamberlain's Colic, Cholera and Diarrhoea Remedy during this epidemic and says they never heard of its failing in any case when the directions were followed. It was the only medicine used that did cure the worst cases. Many persons were cured by it after the doctors had given them up. 25 and 50 cent bottles for sale by H. J. Feto.

Sheriff's Sale.

By virtue of an execution issued out of the District Court of the First Judicial District, in and for the County of Cochise, Territory of Arizona, to me directed and delivered on a judgment rendered in said Court on the 15th day of May, 1889, in favor of G. G. Berry and against Ward Frost, wherein I am commanded to make the sum of \$253 damages with interest thereon, date of judgment at the rate of 3 per cent per month for \$150 balance at 7 per cent per annum until paid, together with Sheriff's costs and accruing costs.

I have this day levied upon the following described property to-wit: Beginning at the north-west corner of lot No. eight (8) in block No. thirty-two (32), and running thence east along the north line of said lot a distance of thirty (30) feet; thence south at right angles eight (8) feet; thence west at right angles eleven (11) feet; thence south at right angles thirteen (13) feet; thence west at right angles five (5) feet; thence south at right angles to the south line of said lot eight (8) feet; thence west along the south line of said lot to the west line thereof; thence north along the said west line of said lot to the place of beginning, being the same piece of land decreed to said Frost by Glover & Kingsberry, who were the former owners of the whole of said lot eight (8) in said block thirty-two (32), in the same is represented upon the official map of the said city of Tombstone, said county and Territory, and appurtenances thereto belonging.

Public notice is hereby given that on Monday, the 23d day of September, 1889, between the hours of 9 a. m. and 4 p. m., namely, 2 o'clock p. m., in front of the Sheriff's office, in the city of Tombstone, Cochise county, Arizona Territory, I will sell a 1/2 interest, title and interest of the said Ward Frost in and to the above described property at public auction, to the highest and best bidder for cash, lawful money of the United States, to satisfy said execution and all costs.

Dated this, the 30th day of August, 1889.
J. H. SLAUGHTER, Sheriff.
